SOFTWARE PROJECTS

FIX N FLIP CALCULATOR

[HTTPS://FIXNFLIP-CALCULATOR-NICO.HEROKUAPP.COM/](https://fixnflip-calculator-nico.herokuapp.com/)

A FULL STACK WEB APPLICATION FOR QUICK PROPERTY ANALYSIS FOR HOME RENOVATION PROJECTS

- Utilized Bootstrap for a robust, user friendly, and responsive UI
- Modeled backend routes in Flask for efficient data handling and routing
- Calculated Total Cost of project, Gross profit, ROI as a quick test if a property will gain profits

OPEN WEATHER

A CURRENT WEATHER WEBPAGE TO SHOW CURRENT AND RECENT WEATHER CONDITIONS ACROSS THE GLOBE

- Vanilla JavaScript provides asynchronous fetches from Open Weather's API to show current weather conditions
- Built custom logic to provide cardinal direction wind data from wind degree reporting.

CAREER OVERVIEW

- Leveraged expertise in publishing high-quality images for various e-commerce websites.
- Demonstrated proficiency in utilizing Adobe Photoshop for color correction and image repair.
- Rendered optimum service to several clients such as David's Bridal, TUMI, Kenneth Cole, Christopher & Banks, Rockport, Sports Authority, Aeropostale, Toys "R" Us, and Ace Hardware.
- Teamed up with photographers during and after shoots to guarantee high-quality photos.
- Exemplified technical skills in providing video edits for David's Bridal, Dynacraft, TUMI, and Toys "R" Us product videos for marketing and social media.
